WASHINGTON (AP) — Daisy Light of Newport, Pa., presented to Secretary of the Interior Stewart L. Udall today the deed to 55 acres of land to be added to federal Battlefields Preservation Association and for many of the nation's school children who contributed to that cost.

Daisy, with members of the eighth grade history class at Newport Union Schools, made up the first school group to make a private donation to the association to help acquire lands within the park. The movement was backed by their teacher, Mrs. Mary Wertz.

**ROY WOLF FARM**  
A number of members of the class and Mrs. Wertz attended the ceremony at which the deed covering the Roy Wolf farm was given to Udall.

Maj. William M. Haller, president of the association, said that since 1960 many students throughout the nation have answered the plea for donations to help save the battlefield from commercialism.

He said the Roy Wolf farm lies in the vicinity of Round Top and Devil's Den, and had this land not been saved from commercial development the original vista from Round Top would have been destroyed beyond restoration.

**NEED MORE FUNDS**  
Haller added that the association has a contract to buy the Meals Farm, adjacent to the Peace Memorial Light, but needs additional contributions to complete its preservation project.

Congress has placed restrictions on use of federal funds for land purchases at Gettysburg which make it very difficult to acquire privately held area within the boundary, it was explained by Hilory A. Tolson, assistant director of the National Park Service.

The ceremony also was attended by Dr. Robert Bloom, professor of history at Gettysburg College.

The program is one of the results of long-range planning which has engaged the faculty, the administration and the trustees of Gettysburg College. It was initiated a meeting called by former President Willard S. Paul on October 26, 1960. A faculty committee was appointed to suggest a means of implementing this concern.

## DEATH CLAIMS "UNCLE ED" AT 87 WEDNESDAY

James Edward "Uncle Ed" Barbehenn died Wednesday evening in the house where he was born 87 years ago at 218 N. Stratton St.

In failing health for the last four years, he had been critically ill for the last week.

Known as "Gettysburg's flower man," during a 33-year period from 1910 to 1943 he gave thousands of flowers each Memorial Day to town children to be strewn on the graves of the soldier dead in the National Cemetery. The yard at his home has been a flower garden for more than a half century and has been continued as such since Mr. Barbehenn's illness by Mr. and Mrs. Frank Hower, with whom he had resided during the later years. Mrs. Hower is a niece of Mr. Barbehenn.

**WORKED FOR COLLEGE**  
He was a son of Henry Peter Barbehenn who came to Gettysburg in 1857 from Richstershausen in the Dukedom of Nassau, one of the dukedoms which united to form Germany in 1861. His father and mother, Mary Ann Bortner, were wed here December 28, 1861. The couple purchased the house at 218 N. Stratton St. in 1864.

The family originally was French and fled there to the Dukedom of Nassau to escape religious persecution.

"Uncle Ed" was superintendent of the Gettysburg College heating plant from November 1, 1918, to November 1, 1946. He was one of eight children.

Surviving is a brother, Frank Barbehenn, Rochester, N. Y., and a number of nieces and nephews including Mrs. Hower, Miss Martha Barbehenn and Mrs. Kathryn Rightmyer, all of Gettysburg.

He was a member of St. James Lutheran Church here.

Funeral services Saturday afternoon at 3 o'clock from the Peters Funeral Home, Carlisle St., with the Rev. Dr. Paul L. Reaser and Rev. John Bishop officiating. Interment in Evergreen Cemetery. Friends may call Friday evening from 7 to 9 o'clock at the funeral home.

**Vandals Paint 4 Parked Autos**  
Borough police are investigating a rash of car painting vandalism.

This week the car of a local resident was splashed while in a garage near the courthouse. This morning at 7:15 o'clock police were called by Ronald P. Barney, 55 W. High St., who reported the right side of his Volkswagen was painted with a yellow streak while it was parked on S. Washington St. near High St.

The officers checked other cars parked nearby and found a similar stripe had been painted on a station wagon owned by John Brennan, 67 W. High St., and on a Falcon with a Florida license parked along the street. Police did not immediately identify the owner of the latter car.

**2 AMBULANCE CALLS**  
The local ambulance was summoned to two homes within minutes this morning. At 10:10 the ambulance was called to the home of Michael Figura, 325 N. Stratton St., to remove him to the Warner Hospital. Two drivers had been at the engine house when the call came in and responded immediately. As the ambulance was leaving the hospital, it was summoned by radio to the home of C. C. Culp, 369 York St. But on arrival there physicians told the crew that Mr. Culp had died.

**Troops Alerted In Buenos Aires As New Crisis Brews Between Guido, Military**

By ISAAC A. LEVI  
BUENOS AIRES, Argentina (AP)—Battle-equipped troops deployed through Buenos Aires today as a new Argentine crisis flared between President Jose Maria Guido and the military leaders who put him into office three weeks ago.

Soldiers and national policemen were posted at key points in the capital to guard against Peronist disturbances as the military chiefs pressed Guido's government to bar the followers of ex-dictator Juan Peron from politics once again. An estimated 5,000 more troops were summoned from the provinces to Buenos Aires.

Guido was reported standing firm against the military demand, but his new government began to waltz under the same pressures the military put on President Arturo Frondizi before ousting him last month.

**MINISTER RESIGNS**  
Interior Minister Rodolfo Martinez resigned and charged the

government was planning to defy the constitution by taking over the provincial governments. Labor Minister Oscar Guigrois hinted that he also would quit.

There was no immediate reaction from the Peronists. But they have repeatedly warned of social disturbances unless the government allows the many Peronist victors in the March 18 elections to take office on schedule May 1. Leaders of the 3-million-member, Peronist-dominated General Confederation of Labor arranged to meet Tuesday to map strategy.

Informal sources said Guido turned down the military's demands in a 90-minute meeting Wednesday night with the three service secretaries, the army's Gen. Raul A. Poggi, the navy's Rear Adm. Gaston Clement and the air force's Brig. Jorge Rojas Silveira.

## COURT WILL GIVE VERDICT ON APRIL 30

The Adams County court will hand down its verdict April 30 at 10 a.m. in the trial of three Philadelphia area men on charges of cheating by false pretense arising from the sale of aluminum siding for homes.

Final testimony in the trial which has been held before the court without a jury was given by 3 o'clock Wednesday afternoon. The three defendants had earlier asked that the court recess at that hour if trial was not concluded by that time in order to permit them to take part in Passover services in the Philadelphia area.

The case is based on the sale of siding to Mr. and Mrs. Crawford Dick, Freedom Twp., last August. The defendants are Joseph Seidman, 53, Glenolden; Irvin Jack Page, 43, Philadelphia, and Barry Marks, 33, Wynwood.

**BEGAN LAST THURSDAY**  
At the conclusion of testimony Wednesday afternoon, the court recessed and asked the attorneys to join the judges in the judicial chambers. There the attorneys agreed to wait until April 30 for announcement of the decision in the trial and final disposition of the case in order to permit the defendants to return to Philadelphia for religious services.

Trial of the case began last Thursday and continued Friday and then was continued to Wednesday for completion of testimony.

Mr. and Mrs. Dick had alleged among other things that Marks (Continued On Page 3)

The project includes a thorough spring clean-up and repair for fields; construction of a baseball backstop, assembly of a sliding board, "lining" of basketball and tennis courts, and repair of the baseball field.

**"BENEFIT CHILDREN"**  
Glodek said, "We are enthused, because we feel we have a worthy project which will benefit the children of the Gettysburg community. Most gratifying is the knowledge that we are performing a service that would otherwise remain unaccomplished."

Robert L. Atkinson, president of the chapter, said 62 men will participate and that 119 other chapters in the United States and Canada will be doing similar projects in their own college cities.

"All expenses of the enterprise will be borne by Phi Delta Theta," Atkinson said. "Sunrise to sundown will be our chapter's working day schedule."

## Expresses Thanks

April 19, 1962

Dear Editor:

I am writing this letter to thank the people of Gettysburg and surrounding counties for sending me to Disneyland. I also wish to thank the students of Gettysburg High School for their part in the trip.

I had a wonderful time at Disneyland. While in California I also had the opportunity to visit Knott's Berry Farm and Marineland. Both were wonderful. I felt it was the will of God I went on the trip, for I prayed to go even before the fund was started.

I also feel God will heal me. Yours with many thanks, GARY CARR

## CUMBERLAND'S

(Continued From Page 1)  
about \$45,000 based on an occupation assessment of \$310,065 for the 1,607 taxables in the township. The township's real estate is assessed at \$2,417,580 for tax purposes.

The occupation levy was decided upon instead of a jump in the real estate millage in an effort to spread the new tax load over a larger portion of the township's population, members of the board said. The Gettysburg area school board on Monday evening took a similar view by imposing its first occupation tax instead of boosting the real estate levy.

Cumberland Twp. school directors estimate the real estate transfer tax will bring in \$6,500 and that an equal amount will be received from the amusement tax. State and federal appropriations next year are expected to amount to about \$160,000.

## FINAL ACTION IN MAY

The township's rental payments to the school authority will jump \$10,000 next year to a new annual total of \$50,185 and the township's share of the operating budget of the joint school district is up \$51,000 to \$269,215 because the jointure's operating budget jumped up by about \$150,000. Township transportation costs during the coming year are estimated at about \$30,000 and make provision for the use of two new 60-passenger buses to replace buses presently in use.

President Glenn Sterner presided at the meeting with all members of the board in attendance. The new budget figures were prepared by the board secretary, Richard E. Schultz. The other members are John E. Settle Jr., Paul Waybright and Donald R. White.

The board planned another special meeting May 22 at the West St. Branch Bank when the new budget will be up for final adoption and tax resolutions will be adopted.

## "FINDING TIME"

Finding time is quite a problem... we are well aware of this... time is a perplexing treasure... always prone to go amiss... it is an elusive rascal... hiding out when needed most... for when we want it to linger... it will vanish like a ghost... yet when we want it to go by... time leans heavily on the heart... indeed, waiting is a torture... that can tear our hopes apart... time is free and yet it's priceless... it is constantly in need... needed always by the living... that is if they're to succeed... many things are hard to come by... life is but a jumbled rhyme... rich are those who have acquired... the great art of finding time.

## Policeman Quits At New Oxford

H. S. Bentzel, Hanover R. 5, policeman in New Oxford for the last several years, has resigned that position, according to today's edition of The New Oxford Item.

Bentzel presented his resignation to New Oxford borough council President H. S. Griffin Sunday evening.

New Oxford council several months ago decided to combine the posts of policeman and assistant to the borough manager and established as one of the qualifications residence in the borough.

Bentzel is not a resident of the town. President Griffin in announcing the resignation also said that Charles Trone who had applied for the dual post has withdrawn his application.

General honor roll students must maintain a "B" average. Although there may not be any D's or F's, an A in one subject may counterbalance a C in another subject.

The first term honor roll had 216 students with an additional seven students who had high honors, while the second term honor roll had only 203 students with eight students on the high honor roll.

had been represented to them as an executive of Reynolds Aluminum making \$75,000 a year, That has been denied. Wednesday afternoon Mr. and Jesse T. Hoffman, Gettysburg R. 1, who had signed a contract with the trio August 14, testified that Marks had been represented to them as "Shane" and as an official of Reynolds Aluminum making \$75,000 a year. Mrs. Hoffman gave the testimony. Mr. Hoffman was to be called, but the defense stipulated that his testimony would be the same as his wife's. Mr. and Mrs. Lawrence Shiner, near Table Rock, testified that two of the men had been at their place to sell them siding.

## ESTIMATES ON COST

Mr. Shiner said Marks, appearing as Shane, and one of the other men under the name of Peterson represented Marks as an official of the Reynolds Aluminum Company and, according to Mr. Shiner, as "having a salary in five figures" and according to Mrs. Shiner as "making \$75,000 a year."

District Attorney Daniel E. Teeter offered additional testimony by Fern Ohler, York St. aluminum siding and equipment dealer, but it was ruled unnecessary by the court. The two had previously listed the cost of the siding to be placed on the Dick home as ranging from less than \$1,000 for quality similar to that required by the specifications of the job to \$1,300, using the highest quality sheeting. Defense witnesses had previously admitted that the type material listed by the two dealers was comparable to what had been planned for the Dick home.

# Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

**TWENTY YEARS AGO**  
**Corregidor Pounded:** Opening  
of an intense Japanese effort to  
batter the Philippine island for-  
tress of Corregidor into helplessness  
by bombs and siege guns was  
reported today by the War  
Department. From new positions  
on the Bataan peninsula and from  
the south shore of Manila Bay the  
foe began an intense artillery  
bombardment yesterday and for  
the first time dive bombing raids  
were made on Corregidor. De-  
fending gunners replied effectively  
to the new attack, silencing at  
least three batteries, a commu-  
nique reported, and breaking up  
three motor truck and troop con-  
centrations on Bataan.

**First Blackout Test:** The first  
blackout test in Adams County  
history was staged Sunday eve-  
ning from 9:30 to 9:45 o'clock and  
was described by Judge W. C.  
Sheely, county defense chairman  
who gathered reports from all  
sections of the county, as "suc-  
cessful." Thirty-three Adams  
county communities and Hanover,  
which is included in Gettysburg  
territory in the air raid warning  
system, participated in the test.  
Only a few "unintentional excep-  
tions" were reported and so far  
as was known there was only one  
person in the county who refused  
to cooperate with his warden's re-  
quest to black out the lights in his  
home. The refusal occurred in  
Gettysburg. No accidents were re-  
ported.

Miss Ann L. Dubbs, York St.,

nan Lawrence, 16, and David L.  
Lawrence Jr., 13, sons of National  
Democratic committeeman,  
David L. Lawrence, were killed  
and five other Pittsburgh boys in-  
jured in an automobile accident  
near Portersville last night. After  
playing ball at Pittsburgh in the  
afternoon, the boys went rid-  
ing in the Lawrence car. State  
Police said the car apparently  
went out of control, slid around  
on the highway and struck a curb.  
Brennan Lawrence was killed in-  
stantly. His brother died enroute  
to the hospital. Mr. and Mrs.  
Lawrence have another son and  
two daughters.

**Sugar Rationing To Start:** The  
machinery for the rationing of  
sugar in Adams County and the  
rest of the nation will get under-  
way next week, with the regis-  
tration of trade and institutional  
outlets. All retailers, wholesalers  
and institutional and industrial  
users of sugar will be registered  
on those days at the nine high  
schools in the county. Their ap-  
plications for sugar purchase cer-  
tificates will be received and the  
certificates issued on the same  
visit. During the following week  
every individual consumer of sug-  
ar in the county will be registered  
and sugar ration books will  
be distributed. The elementary  
schools of the county will be used  
for that purpose.

# Today's Talk

IT'S WHAT YOU GO AFTER

The expression of a person's  
life comes about as the result of  
what he has gone out into the  
world to gain.

If a person looks to others for  
the carrying of his burdens and  
solving of his problems, only  
weakness and unhappiness are  
invited. It's what you go after on  
your own account that gives you  
health, respect, and a feeling of  
power.

Even the one who fails at doing  
something may ultimately find  
success. All too often some men  
and women seem to need the  
continual beating of failure at  
their doors to adequately arm  
themselves for a substantial suc-  
cess. The veteran knows more  
about defeats and retreats than  
he does about victories.

It all depends upon what you  
want, what you have in the se-  
cret chamber of your mind and  
heart as the ultimate destination  
of your life, and your measure of  
success and happiness in this  
life.

Many men and women have  
kept this great secret locked with-  
in them until well past middle  
life — then to rise in strength  
and power, the wonder of their  
friends. But no one needs to be  
deceived. The giant in strength  
had to train. He didn't "just hap-  
pen."

You will have in happiness  
largely what you are daily going  
after in your mind and heart and  
with your hands.

The inventor knows in his heart  
the purpose of all his long and  
weary experimenting.

Never mind what others think!  
It is what you think, what you  
plan what you dream, what you  
know you are capable of achiev-  
ing that is going to count. Noth-  
ing else matters.

Tomorrow Mr. Adams will talk  
on the subject: "Roosting Time  
Always Comes Around"

JUDAS ISCARIOT

Judas Iscariot got thinking bitter

things

And building cruel notions out of

wild imaginings.

He'd heard much talk of kingship,

but what leader with a crown

Would have to beg for shelter

when he visited a town?

Of the miracles he'd witnessed

he'd begun to have a doubt,

And they'd pay him thirty shekels

if he'd point the Master out!

Judas Iscariot grew solemn-faced

and white;

Fantastic thoughts of envy kept

him wide awake at night.

The Christ was meek and lowly,

and he couldn't clearly see

Why Caesar should be worried by

this Man of Galilee.

If He really is the Savior, then no

harm can come from this.

So for thirty bits of silver he be-  
trayed Him with a kiss!

Judas Iscariot went out alone to

die

Upon the ugly patch of ground the

silver went to buy.

Some say he hanged himself;

some that he was found

A disemboweled body on that

barren bit of ground.

But Judas Iscariot left this great

truth behind:

The bitter stuff of jealousy is poi-  
son to the mind.

The Republican National Com-  
mittee feels the United States is ob-  
ligated to help bring about "an

understanding, comity and coop-  
eration" among nations of the

post-war world, a stand Wendell  
L. Willkie characterized as an

"abandonment of isolationism." Senator Robert A. Taft of Ohio,  
however, said he thought it "a  
great mistake" for the committee  
to have expressed any policy on  
post-war action as it did last night  
at its first meeting since the na-  
tion went to war. Willkie, 1940  
presidential nominee, said Repub-  
licans should see to it that in the  
forthcoming primaries candidates  
who espouse these principles  
are nominated. "Thus the Repub-  
lican party can win and become

ed.

# MUSIAL LEADS CARDS TO 5TH STRAIGHT WIN

By BOB GREEN

Associated Press Sports Writer

Aging Stan Musial was almost

apologetic about it.

"I guess so," Musial admitted

when asked whether his blister-  
ing start may prompt him to try

it again in 1963. "I told John (St.  
Louis manager Johnny Keane) I

wanted to play just this one more.  
But I think he knows if I had a

good year I'd probably be back."

And Musial, 41, is off to one of  
his greatest starts. He lashed out

two hits in the Cardinals' 15-5  
ramp over the New York Mets

Wednesday and improved his Na-  
tional League leading batting

average to .474.

Milwaukee's Warren Spahn

gained the 310th victory of his

career in a 6-4 decision over San  
Francisco while Ernie Banks'

300th career home run with two  
out in the 10th brought the Chi-  
cago Cubs a 3-2 decision over

Houston. Cincinnati blasted the  
Los Angeles Dodgers 14-0 and un-  
beaten Pittsburgh edged Philadel-  
phia 4-3 for its seventh straight  
victory.

**SIXTH IN ROW**

In all, the undefeated Cards,

who have won five, pounded 18

hits off four Met pitchers. In-  
cluded were a pair of home runs

by Kenny Boyer and one each by  
Julian Javier and Carl Warwick.

It was the sixth straight loss for  
Casey Stengel's Mets.

Banks' homer brought the Cubs

their first victory in eight starts  
this season. The blow, off relief

man Dick Farrell, made Banks

only the 20th man in the history  
of the majors to reach the 300

figure. Lefty Dick Ellsworth went

the distance for the victory.

San Francisco had a 3-2 lead

on doubles by Jim Davenport and  
Jose Pagan, and Tom Haller's

homer before Spahn started Mil-  
waukee's winning rally by walk-  
ing as the lead-off man in the

eighth. Before the inning was  
over, Eddie Mathews doubled in

two runs and Frank Bolling  
singled in two more, and the

Braves were home safe. Homers  
by Mathews and Hank Aaron pro-  
duced the first two Milwaukee

runs.

**PINJON STARS**

Bob Skinner's three-run homer

and Earl Francis' relief pitching

were the keys to the Pirates sev-  
enth straight. Francis blanked the

Phillies on three hits after taking  
over for Wilmer Mizell in the

third. Bill Mazeroski also had a  
homer for the winners. Jack Ham-  
ilton was the loser.

Vada Pinson drove in five runs.

# TWO FALSE WITNESSES

"At the last came two false witnesses, And said, This  
fellow said, I am able to destroy the temple of God,  
and to build it in three days."

—Matthew XXVI: 60,61

At the preliminary hearing before the high-priest Cai-  
phas, "the chief priests, and elders, and all the council,  
sought false witness against Jesus, to put him to death."

There were many such false witnesses, all perfectly  
willing to give perjured testimony against the Man of  
Galilee.

But most of them could not serve that evil end, even  
though they desired to do so. The reason was two-fold:  
First, the Council wanted a charge against Jesus that  
would be so serious in nature that it would both demand  
the Roman governor's attention and at the same time  
call for the death sentence.

Second, according to the Mosaic law, it was necessary  
that two witnesses, when examined separately, with the  
other not present, both testify to the same details of  
evidence against the accused.

At last the Council found two men who no doubt  
had agreed outside upon what each would say.

The names of this infamous pair are not given in the  
Gospels. But it is easy to imagine their faces, each  
stamped with the bitter look of those who have drunk  
only the dregs of life and who hate the light of truth:

Sly, stoop-shouldered, and wrapped in their mantles  
like vultures, they shifted their weight uneasily from  
one foot to the other and blinked puffy eyelids as they  
stared into the bright flames of the lamps.

So they maliciously lied:  
"This fellow said, I am able to destroy the temple of  
God, and to build it in three days."

This statement was, of course, a perversion of the  
Savior's allusion to His coming death, the destruction  
of His bodily temple, which He would again raise from  
the dead on the third day.

But twisted to mean a threat against the Temple of  
Jerusalem, it was blasphemy—a capital offense to the  
Jews—and sedition, a crime meriting death in Roman  
eyes.

Having thus laid a foundation of perfidy upon which  
the Cross could be erected, they vanished again into the  
foul human sewers from which they had crawled.

the National Association for Stock

at the Williams Grove Speedway  
this year. Bob Richwine, owner  
of "the Grove," announced today  
that preliminary arrangements  
have been completed with NAS-  
CAR for two late model events.

The first NASCAR sanctioned  
program will be held Sunday, May  
20, getting underway at 2 p.m.  
The top late model pilots will play  
a return engagement Sunday, Au-

NASCAR is the largest sanc-

nected with automobile racing.  
It was formed in 1947 to govern  
stock car racing. Since that time  
it has pioneered in this particular  
phase of auto racing, building it  
into a national favorite today.

This is the first appearance of  
NASCAR drivers at Richwine's  
track in a sanctioned event. A  
host of the name drivers in the  
big Daytona 500 will be on hand  
for the two events at "the Grove."

# HOPE CRIMSON SATAN MIGHT REGAIN FORM

By JOHN CHANDLER

Associated Press Sports Writer

NEW YORK (AP) — Exactly a

year ago Crimson Satan—the red  
devil—won his first stakes race,  
the Lafayette at Keeneland in

Lexington, Ky. The 1962 Kentucky  
Derby was a long way off, and  
later 1961 races didn't indicate

Crimson Satan might figure in the  
calculations.

Then, in the fall, the chestnut  
colt suddenly lived up to his  
name. Before closing his 2-year-

old campaign, Crimson Satan won  
the world's richest race — the  
\$301,365 Garden State. He followed

up by crushing his rivals in the  
\$116,920 Pimlico Futurity.

**WON \$302,300**

In 13 starts, he won seven, and

\$302,300. With his late style of  
running, Crimson Satan looked

like a colt who would be tough  
when they got around to such

racers as the Derby, at 1 1/4 miles.

## CELTICS WIN FOURTH TITLE IN FOUR YEARS

By BOB SALMON  
Associated Press Sports Writer

BOSTON (AP)—The Boston Celtics—possibly the greatest team in basketball history—were their latest world championship crown with a cocky tilt today.

The crown wasn't anything new. The Celtics first won it in 1957. But the victory Wednesday night that earned them their fifth title in six years and their fourth straight National Basketball Association championship was a special one—particularly appreciated because it was won the hard way.

A critical manpower problem brought on by injuries and personal feuds couldn't stop Boston from driving to a 110-107 overtime triumph over the Los Angeles Lakers at Boston Garden, Boston won the best-of-seven final series, 4-3.

### TO KEEP SHIRT

Veteran Carl Braun perhaps summed up the feelings of the Boston players, old and young alike, when he bubbled:

"I've got permission from owner Walter Brown and I'm keeping my Celtics shirt. I may even wear it to bed."

Spirit like Braun's was what enabled the Celtics to do what no other NBA team ever had managed before—win the title four years running. Boston now has won the championship five times in the last six years.

But if the Celtics were the greatest, the Lakers weren't far behind, as Los Angeles Coach Fred Schaus pointed out. The Lakers came within an inch or two of becoming the new world champs on a tremendous last-minute rally in regulation time.

### 4 POINTS IN 40 SECONDS

The drive was engineered by Frank Selvy, who dropped in his only two baskets of the night in the final 40 seconds to tie it 100-100. Selvy barely missed a winning basket with three seconds left.

"I thought it was all over when Selvy shot from that corner," said Celtics Coach Red Auerbach. "The guys won it, though, and it was one we had to win."

"We're an aging club and if we hadn't won this one it would have made it rough psychologically for the guys in the future. But now we're still the champions and the rest of the league still has to catch us."

Injuries hampered the play of Bob Cousy, Bill Russell, Frank Ramsey and Tom Heinsohn. Then in the fourth period Tom Sanders, Jim Loscutt and Heinsohn fouled out, Ramsey following in the opening seconds of the five-minute overtime session.

Unsung Sam Jones, however, came up with five points in the overtime period and Russell added four. That gave Jones 27 for the night, 25 of them after the first half.

## Female Swimmer Ready For Meet

SACRAMENTO, Calif. (AP)—America's best female swimmers converged here today for the opening of the AAU National Women's Indoor Championships. Most of the girls are on spring vacation from high school.

In recent years teen-agers have dominated women's swimming and helped Uncle Sam's team win at the 1960 Olympics in Rome. With 220 entries here, the average age could run as low as 15 although most of the winners probably will be a year or so older.

Two Olympic champions, Chris

## Houston Classic Gets Underway

HOUSTON, Tex. (AP)—The \$50,000 Houston Golf Classic got under way today without a strong favorite but with \$124,200 in the bank.

Bill Casper and Mike Souchak, a couple of long hitters, held a narrow edge in speculation that has varied from day to day since Arnold Palmer withdrew his entry to concentrate on business affairs.

Souchak holds the 72-hole record for the 7,100-yard par 70 Memorial Park course. He won \$6,000 in top money with a 273 in 1955 but since then had managed no better than a fifth place in 1957. His record 273 is recorded as 15 under par in that Memorial's sprawling layout carried a par 72 in 1955.

Casper is the new champion of the Greensboro Open. His lowest score in five tries at Memorial, however, was a three-over 283 that was good enough for \$1,200 and a ninth place tie with Palmer and Gary Player a year ago.

## STAN MUSIAL UNDECIDED ON RETIREMENT

By JOE REICHLER  
Associated Press Sports Writer

NEW YORK (AP)—Because he can't get base hits out of his system, Stan (The Man) Musial has changed his mind about retiring at the end of this season.

There's nothing official about it yet but the way Stan feels about it right now, he "probably" will continue to play at least through the 1963 season.

"That is," he says, "unless my batting eye suddenly grows dim." An unlikely happening, indeed.

The St. Louis Cardinals' great slugger is enjoying his best spring since he won his last batting title in 1957 when he hit .351. His average through five games is a stratospheric .474. He got two more hits in Wednesday's 15-5 rout of the New York Mets, giving him 9-for-19, just 20 hits shy of Homer Wagner's lifetime total of 3,430, a National League record.

TACKLED IT OVER

Oddly enough, part of the reason for Musial's great start is because he was sure this would be his last season.

"John St. Louis Manager Johnny Keane and I talked it over at the start of spring training," Musial explained today, "and we decided I was going to work harder to get into playing shape than I had been doing in recent years. In the past, I took things rather easy in spring training, hoping to conserve my energy for the regular season. As a result, I usually didn't get into top physical shape until about May or June."

### PLAYING MORE GAMES

"This spring, I played in more exhibition games than ever before. I came down south weighing the same as I did when I finished the 1961 season and I deliberately worked off five more pounds. As a result, I'm the lightest (181) I've been in 10 years and I'm in the best shape I've been in a long time."

"I feel so good, I see no reason why I can't play next year. I know I'll be 42 but my legs feel strong, my health is good and I have no aches and pains. Also, I'm swinging good. I've detected no slowing up in my timing and I'm pulling the ball as well as ever."

## BERMUDIAN 9 TOPS CANNERS FOR 4TH WIN

Bermudian Springs rallied for three runs in the last half of the fifth inning to eke out an 8-7 victory over Biglerville for its fourth straight triumph Wednesday afternoon at York Springs.

The score was knotted at 5-5 when the Eagles staged their rally. With one out, Craig Hoke singled. After Louie Koontz grounded out, Ken Group doubled home Hoke. Dave Bricker followed with a home run blast to right center for two runs.

Two Cannons also blasted home runs, Gary Fair poling one in the third inning with one out and Bill Slaybaugh smashing another with the bases empty in the seventh.

Bermudian profited by Biglerville miscues, tabbing three runs in the fourth via a pair of errors. In the opening frame two bases on balls helped produce another run.

Bermudian, now 4-3, will meet Northern at York Springs on Monday. Biglerville (1-4) will oppose Gettysburg High here Tuesday in a postponed South Penn League game.

## GOLEMBIEWSKI COPS BOWLING MATCH AGAIN

DES MOINES, Iowa (AP)—Billy Golembiewski of Detroit, sick with pneumonia two weeks before the start of the tournament, looked quite healthy Wednesday night as he charged to his second American Bowling Congress Masters championship with a record 223 average.

In becoming the second two-time Masters titlist, the 32-year-old professional went undefeated in seven matches. He also was unbeaten in seven matches when he won the title at Toledo in 1960. Only previous bowler to take the crown twice was Dick Hoover of St. Louis.

Golembiewski had too much experience and rest for Ron Winger, of Van Nuys, Calif., his 20-year-old opponent in this title event. He beat Winger 950-851 over the four-game route.

### CLINCH IN THIRD

The California youth, youngest bowler ever to reach the finals, took a 214-212 lead over Golembiewski after the first game. But "Billy G" went ahead by seven pins in taking the second game, 246-237. The Detroit star clinched the match with a 255 third game to Winger's 201. In the last game Golembiewski shot 237 and Winger 199.

The youngster lost his first match Sunday night and then won 10 in a row. But while Winger was struggling to keep alive through three matches Wednesday prior to the finals, Golembiewski won one match and then went to his hotel to rest.

Golembiewski, said afterward: "I didn't expect to do very well here. The pneumonia kept me away from bowling for nearly two weeks. Even my wife thought I'd be home by Monday. But I never bowed so well."

Golembiewski earned a total of \$3,305. Winger, in winning

## Kelley Will Have Race Competition

BOSTON (AP)—Record holder Johnny Kelley of Groton, Conn., combats a double-barreled threat from Finland today in the 68th running of the Boston A.A. Marathon.

The weatherman forecast ideal conditions for the 26-mile 353-yard hill and dale romp from suburban Hopkinton to Boston's Back Bay. A high temperature of about 50 with partly cloudy skies were forecast.

A total of 232 entries were listed, but the starting field was expected to be about 160 or 170. Kelley, 31, an English teacher, set the course record of 2:20:05 when he beat out Finland's Veikko Karvonen in 1957. He has been runnerup four times including last year when police detective Eino Oksanen of Helsinki, Finland, won for the second time. Oksanen also captured top honors in 1959.

His running mate this year is Paavo Pystynen, a Finnish army sergeant. Pystynen, also 31 as is Oksanen, is running his first Boston Marathon though he is a veteran at the distance in Europe.

## Davidson Rides Trio Of Winners

CHARLES TOWN, W. Va. — Jesse Davidson, leading rider at Shenandoah Downs with a record of 147 winners in 1961, rode a consecutive triple Wednesday night to take the lead for riding honors with eight victories in the five-night-old meeting.

Davidson's winners included the first three horses in the twin-double and he just missed giving his backers the whole business when he ran second with Irish Soldier in the featured eighth.

The young Kentuckian won with Mr. Muscles in the fifth, Alter Ego in the sixth and Crack O' Doom in the seventh.

County Agent, up from Maryland where he had won two straight, took the measure of Irish Soldier in the final furlong of the 1/4-mile feature, much to the dismay of Davidson's supporters in the midweek crowd of 3,529. County Agent paid \$6.40 and colofavorite with Miller's Wander who was third.

Preston Madden, owner of TV Lark and a visitor to Shenandoah Wednesday night, presented a trophy to Elmer Miles, owner of County Agent, following the race. Madden was up from Laurel where his star will run in the Laurel Handicap Saturday.

Shenandoah Downs will be dark on Good Friday, but will resume racing Saturday with the \$3,000 Lefty Goldberg Memorial Handicap on tap.

\$2,925, beat some of bowling's top stars, including Ed Lubanski, Ray Bluth and Ron Ellis.

## FOLLEY TAKES CANADIAN IN TEN-ROUNDER

By JACK STEVENSON  
Associated Press Sports Writer

SAN FRANCISCO (AP)—Canadian heavyweight champion Robert Cleroux wants a return shot at his conqueror Zora Folley. The Arizona says he'll be glad to oblige—if the price is right.

The price wasn't too right for Folley Wednesday night as he adroitly bowed his way to a one-sided and unanimous decision victory over the Montreal Mauler in 10 rounds at the San Francisco Civic Auditorium.

Cleroux collected a \$7,500 guarantee while Folley picked up only 25 per cent of a disappointing net gate of \$12,662.07 or \$3,165.

WANTS TITLE SHOT

Folley, the No. 3 ranked challenger, still years for a title shot. But his victory over Cleroux, the No. 4 man, doesn't figure to put him much closer to his goal, since champion Floyd Patterson is set to defend against Sonny Liston.

The Canadian's manager, Al Bachman, said a return match might be held in Montreal in June. Folley and manager Bill Sarit said it could be arranged if they get the proper guarantee.

Referee Frankie Carter repeatedly urged both men to fight more, and sometimes had trouble getting Cleroux to break clinches. Carter scored the bout 11-0 Judge Rudy Ortega had it 9-0, judge Bob Mitchell 9-1 and The Associated Press 9-2.

### 12 POUNDS HEAVIER

Under California scoring, the winner of each round gets from one to five points and the loser nothing.

Cleroux at 205 pounds was 12 pounds heavier than Folley and continually waded in swinging to the body with an occasional shot at the head. Folley countered with telling left and rights to the head. He shook up Cleroux in the seventh but neither appeared in any danger of going down.

## Springfield Takes Buffalo By 4-0

SPRINGFIELD, Mass. (AP)—The Buffalo Bisons will be battling a hot goalie and one of hockey's strongest home ice advantages in an effort to even the American Hockey League's championship playoff Saturday in Springfield.

The goalie is stocky Marcel Paille, whose second straight Calder Cup shutout left Buffalo one down in the best of seven series Wednesday night.

Wednesday night, it was all Springfield. The Indians, shooting for an unprecedented third straight championship, scored in every period for a 4-0 victory. Bill Sweeney, the AHL's leading scorer, netted two goals in the opening period, Jimmy Anderson and Ted Harris added insurance markers in the second and third sessions.

Paille, who blanked Cleveland, 4-0, in the final game of the semifinal round, made just 20 saves in chalking up the shutout. Dennis DeJordy, Buffalo's goalie, kicked out 34 Springfield shots.

## Francis Seeks A Starting Role

PHILADELPHIA (AP)—Like most pitchers, Earl Francis' ambition is to get into the starting rotation and stay there.

"I'm pretty optimistic about it," the right-hander said Wednesday night after his neat relief job helped the Pittsburgh Pirates to a 4-3 victory over Philadelphia which came on Bob Skinner's three-run homer. It was first-place Pittsburgh's seventh win without a loss.

"If I make a few more appearances like Wednesday night, maybe Danny (manager Danny Murtagh) will assign me (a starting role)," the 26-year-old Beckley, W. Va., native added. This is Francis' third year with the Pirates. He relieved and started last year.

Francis said he would rather start because "I don't feel my arm is strong enough to be a reliever." But he conceded it was plenty strong Wednesday night. "I felt pretty good," he said.

He said his curve ball was breaking and helped him out of trouble in the ninth inning when the Phillies had the tying run on second.

Pittsburgh's other run came on a solo homer by Bill Mazeroski. The victory enabled Pittsburgh to equal its best start-of-the-season streak. The 1938 Pirates won seven in a row at the start of the year.

## ORIOLES HAVE OPTIMISTIC 1962 OUTLOOK

BALTIMORE — There is a feeling among Oriole players and officials that this is hands down the best of the nine teams that have represented Baltimore since 1964. This opinion is rife notwithstanding only on Sundays, Ron Hansen, the regular shortstop a year ago, will probably not be activated until his uncertain separation from the service, and Jack Fisher, one of the hardthrowing big four, is on the disabled list.

There are several reasons for such optimism, but, perhaps the outfield is the major factor. The Orioles have had an almost traditional weakness in their outfield since 1964. This year, however, for the first time they have four players who are or should soon be highly competent big league ballplayers. Flanking the incumbent centerfielder Jack Brandt are highly prized rookie John "Boog" Powell in left, and Whitey Herzog and Earl Robinson in right field. The potential punch of that crew offers considerable lift to an oftentimes punchy offense.

The Oriole infield is in good shape. At third and first base, the Birds have the best in the business. At second base for the first time they have, in Johnny Temple, an ideal lead-off type with an infectious approach toward winning games. Jerry Adair, who many expect to develop into the "Gil McDougald" sort of ballplayer, is more accustomed to shortstop than to second base, his position last year, and was selected as the outstanding shortstop in the minors in 1960 while in the International League.

In the catching department, the Birds have three healthy (knock on wood) catcher the principal among whom is veteran Gus Triandos who has been dogged by injuries for the past 2 1/2 seasons, and is due for a good year. Batting for the second spot are Hank Foies and Charlie Lau. Such a competition gives the Birds more depth behind the plate than ever before.

## Christ Walked Through Jerusalem Bearing His Cross

EDITOR'S NOTE — A somber, twisting street in today's Jerusalem — was it like the street on which Jesus walked to a hill called Golgotha? An AP religion writer who visited Christian holy places recreates the drama in this fourth of five articles on his pilgrimage.

### PART 4

By GEORGE W. CORNELL  
Associated Press Religion Writer  
JERUSALEM, Jordan (AP) — The past lives here, unseen and seen, above and underground. The present atmosphere is ancient, yet it harbors time more ancient still. City lies on city, tier on tier, house on house, wall on wall, buried chronicles of man, still mirrored in the face of old Jerusalem.

Along these aged streets, 2,000 years ago, the Man of Galilee was driven, bearing on His back a wooden crossbeam for His execution. "Whoever would save his life shall lose it, and whoever loses his life for my sake, he shall find it."

The way is cavernous and shadowy along the narrow stone and brick defiles that weave among the huddled houses, markets, courts and shrines. Open booths dispense their wares — cheeses, saffrons, bedouin rugs and butchered lambs. Beside such cluttered stalls as these, passed Christ condemned.

#### MAZE OF WALLS

"The living bread . . . the way, the truth and the life. . . . The passageways run crisscross through the maze of mortared walls, descending, climbing, slanting. Overhead the buttressed roofs and arches alternate with open sky, producing strange effects of light and shade.

"He who follows me will not walk in darkness, but will have the light of life."

Underfoot, the slabstones murmur with the march of centuries. Beneath each alley, stair and stoop, the epochs past have left their architectural legacy, still visible in places. Ruin on ruin, heap on heap — Jewish, Syrian, Roman, Byzantine, Crusader, Arabic — rooted deep. The track of conquest's stubborn cycle — build, destroy, rebuild, destroy and build again.

" . . . all they that take the sword shall perish with the sword."

#### "DEAD HAVE VOICES"

The dead have voices here among the living, etched in tombs and monuments, preserved in dusty corridors, in age-worn tiles and massive blocks heaved up by Herod's slaves. Time seems cumulative here, instead of passing. A hallway floor may once have been the paving on a bridge.

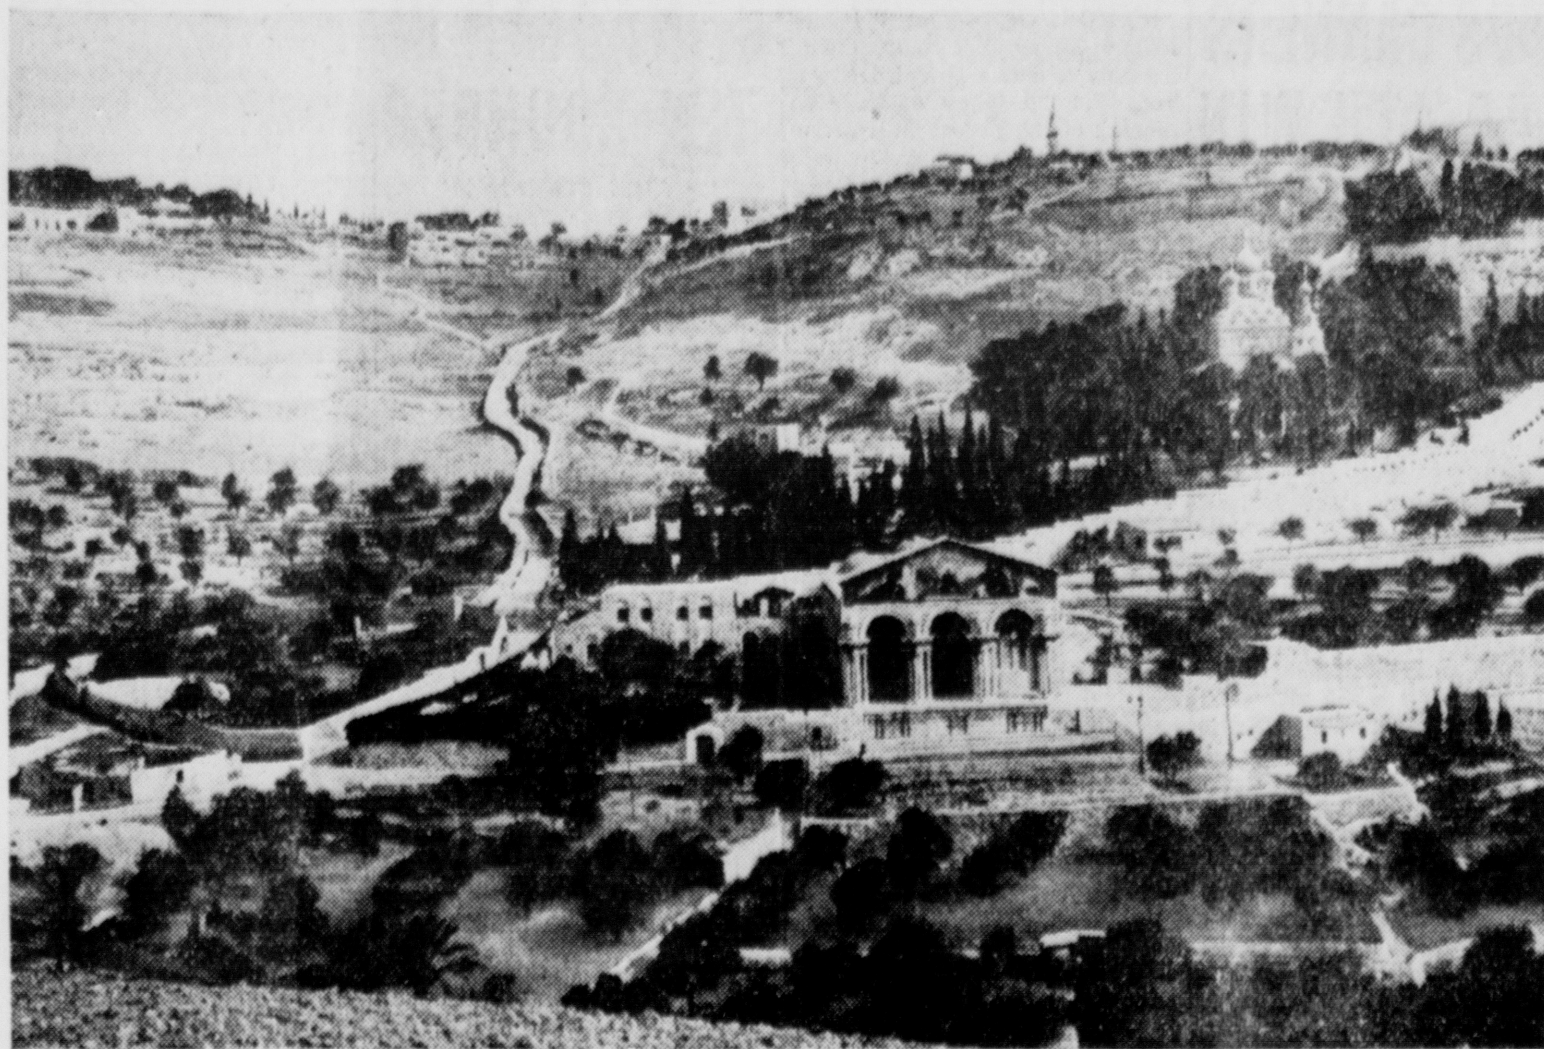

Moving to and fro are pilgrims, monks, yelling bands of waifs, the donkey carts, sudarium-clad horsemen, sheiks in long ebayas, scarlet fezzes. One man grunts along, his back bent low beneath a crate of oozing, smelly fish.

From somewhere comes a medieval Christian chant, and interwoven with it are the wailing calls to evening prayers by Moslem muezzins, along the route that mankind harried Jesus.

"He who sees me sees Him who sent me."

#### ANCIENT CUSTOMS

Customs here in old Jerusalem, within the Jordan sector, come from eras past. Open cooking braziers burn in central rooms. Along the street a peddler carries a plate of steaming beans atop his

THE MOUNT OF OLIVES—Then He went out and made His way as usual to the Mount of Olives, accompanied by the disciples . . . He Himself withdrew from them about a stone's throw, knelt down, and began to pray: "Father, if it be Thy will, take this cup away from me. Yet not my will but Thine be done." Today, as then, one can gaze from the Mount of Olives and see Jerusalem.

head, then stops to ladle portions out in folded strips of paper. I stopped inside a barbershop to get a shave and found they used an old technique of crossing threads to shear the finer whiskers close. They served me potent tea, perhaps to ease the pricks.

The people here are effortlessly friendly. Most of them have little but their wealth of warmth. It comes so artlessly it seems almost a feature of some bygone day, archaic, quaint, as old-fashioned as their habits, shops and dress. The past survives in them, also, in things long gone that still exist today, where Jesus trudged.

"I go to prepare a place for you. . . ."

#### GRACIOUS GUIDE

Our guide, a bright and gracious Jordan youth named John Assad, who hopes to go into the Presbyterian ministry, led us to the spot where Pilate ordered Jesus crucified — the pavement called the Lithostrotos.

Several sections, worn to glassy smoothness, still are there, encompassed by a convent, church and Moslem boys' school on ground once occupied by Rome's Fort Antonia.

A crimson rank of bougainvillea bloomed along a terrace near the judgment court. Nearby, within a somber room, a column stands, where He was tied and whipped.

"Peace I leave with you; my peace I give to you; not as the world gives do I give you."

The Via Dolorosa courses briefly to the west, then south, then west again, a slow half-hour's walk, through narrow, gloomy passages, past noisy bazaars, up steps and ramps, through heavy gates and open squares.

#### CHAPELS MARK PATH

The path is marked by chapels, monuments and churches of all kinds and shape — eastern, western, old and new. And tablets in the wall denote stations of the cross, altogether nine of them before He reached the crucifixion scene.

The several places where He fell. Where Simon of Cyrene re-

lieved Him of the heavy beam. The point at which He saw His mother. Where Veronica supposedly rushed out and wiped His face of sweat. Where He met the weeping daughters of Jerusalem.

The route goes by the Jewish quarter, now devoid of Jews in hostile Arab territory.

"A new commandment I give you, that you love one another, even as I have loved you."

#### MANY POLICE

Numerous policemen walk the streets, in epauletted olive drab, and shining metal helmets, topped by spear-like prongs. The troops that prodded Jesus through these close confines were Roman mercenaries, bronze-helmeted with swords and braided whips, bare legged in their tunics and cuirasses, flowing orange-hued capes across their backs.

"God sent the Son into the world not to condemn the world, but that the world through Him might be saved."

From deep within a dark alcove came snarls of dogs, competing for some scraps. Up above, a dripping blanket hangs across a window ledge, in search of sun. Peasants, babbling merchants, tourists, children, mingle in the crowded streets, so closely wedged that you're inclined to pat the donkeys on the rump as they go by.

#### CLIMB WAS STEEP

Along the tight, dark-lanes, the lacerated Jesus moved.

" . . . the gate is narrow and the way is hard that leads to life. . . ."

The cobbled street negotiates a mild depression. Then it rises gradually. In Jesus' day, the climb was steep, laborious and long.

But changing structures, time and shifting earth have nearly filled the Tyropean valley running lengthwise through the city. The great, arched bridge that once traversed that cleft, from eastern Temple Hill to Herod's palace in the upper city on the west, is gone.

The execution party threaded through the zone below, con-

gested, motley, rent with shouting, hoots and stares. And wonder.

"If any man would come after me, let him deny himself and take up his cross daily and follow me."

#### RUINS OF CASTLE

To the south, atop the hill beside the city's western wall, are ruins of Herod's castle grounds and parts of giant monuments he

built. Not far away, the site where Caiaphas, the high priest, lived, where Jesus, bound in cords, was quizzed and pummeled.

Over to the north and east, remains can still be seen of porticoed Bethesda pool, the spot where Jesus healed decrepit men, before the world's reigning powers intervened.

## A Lovelier You

By MARY SUE MILLER  
CARE OF COSTUME JEWELRY. What is the first thing that turns green in the spring? "Christmas jewelry," says an old joke book.

Thank heaven, no such crack can be made about our present-day costume jewelry. Our baubles withstand the passage of time. Sometimes, though, they lose their twinkle. The fault then is seldom theirs but ours.

Like real jewels, costume pieces require regular cleaning. Otherwise they soon become dull from accumulations of body oils and make-up. Refurbishing is easy.

Simply lay a piece on an absorbent cloth; swab it with a barely damp and lightly soaped sponge; rinse with a clean, damp cloth and blot immediately with a soft towel. Under no circumstances should you ever immerse a piece in water, use any but tepid water or work on more than one trinket at a time.

ture, history, dates, with skill and sensitivity. We wandered, so it seemed, through misty veils of time through labyrinthine stage-on-stage of mood and scenery. The somber street winds slowly up a hill. The hill is called Acra. The fluctuating walls, the shutter-like extensions overhead, the intermittent gaps of light and sinking reddened sun, distributed chiaroscuro streaks along the slabs of stone that led, at length, to where the soldiers lifted Jesus up from earth — up on a cross. " . . . And I, when I am lifted up from the earth, will draw all men to myself." (TOMORROW: A TOMB.)

Precious jewelry, with the exception of pearls, responds to more vigorous treatment—a good hot soak and a sudsy scrub. Both cultured and natural pearls should be wiped off with a cloth dampened with clear, warm water.

Given such care, your jewelry keeps its sparkle and so sparks your appearance. Were it otherwise, what price jewelry? "Worthless," says an actress noted for her collection and for her habit of cleaning a piece after each wearing.

She's got a point. To grasp it fully, picture a handsome Easter costume worn with dingy jewelry. YOUR GROOMING—A TO Z

## KENNEDY WAS READYING LAW TO STOP STEEL

By NORMAN WALKER  
Associated Press Labor Writer  
WASHINGTON (AP) — President Kennedy, it was reported today, seriously considered in the midst of his recent battle with the steel industry a recommendation to Congress to legislate a steel price rollback.

The President is described as having been extremely reluctant to take the step. But he definitely had aides working up such a plan for possible use if it had been necessary in his administration's drive to get the major steel companies to rescind their price boosts.

The idea was to require a return to the lower steel price level for a specified cooling off period during which there would have been hearings and discussion of any necessity for higher steel prices.

### HAD OTHER IDEAS

This is much like the present Taft-Hartley law arrangement in which labor unions are required by court injunction to refrain from engaging in strikes during 90-day cooling off periods while issues are supposed to be aired and thrashed out.

Other price restraint legislative moves were also being considered in the midst of the administration maneuvers to squelch the steel price jump. One such move was reported to be a simple resolution to Congress condemning the price increases. These moves are now on the shelf—now that congressional committees are planning investigations and the crisis is considered to be over.

A House Antitrust subcommittee hearing on steel prices was to open May 2, but a short postponement was announced Wednesday. No new date was set.

### "NO ILL WILL"

At his news conference Wednesday Kennedy said he had no ill will against the steel industry or its leaders or, in fact, any segment of American economic life because he expects them all to work together to achieve stability and the nation's goals at home and overseas.

He made clear, however, that he expects his policies of wage-price restraint to be observed. In that connection he mentioned the next most important labor bargaining situation in the missile space and aircraft industry.

Another facet of the recent steel price situation has just come to light. This is that Kennedy at the outset of his showdown battle with the steel industry figured his chances of winning were very remote.

In fact, an initial draft of his angry statement denouncing "a tiny handful" of steel executives as profit-greedy and irresponsible contained an outright call for a

## Westinghouse Gets Turbine Contract

PITTSBURGH (AP) — Westinghouse Electric Corp. has been awarded a contract for about \$2.5 million to build a gas turbine power supply system for the Panama Canal Zone, it was announced today by Westinghouse.

The project involves the building of two 12,000-kilowatt gas turbines, generators, a fuel treatment system, station switchgear and station auxiliary equipment.

Cancellation of the price increases.

With the other major steel companies announcing one by one at the time that they were following the price boost lead of U.S. Steel, Kennedy toned down the wording to read that the nation's economy would be badly upset unless the price increases were rescinded.

## RESERVE GROUP IS ALERTED IN THREE HOURS

KANSAS CITY, Mo. (AP) — The Reservist was 100 miles away when he heard the news and rushed back to Kansas City to take part in a surprise alert of the National Guard's 35th Division Wednesday night.

Within three hours after the practice alert was called, 95 percent of the 3,400 National Guardsmen in Missouri and 2,700 in Kansas had reported to their units.

"We feel it successfully demonstrates to our people in Kansas and Missouri that we can be ready in 66 cities and towns to help them in the event of any disaster whether caused by man or nature," said the division commander, Maj. Gen. Charles Browne Jr.

He said he believed it was the first alert of a two-state division. At the Kansas City Country Club, a cook and a bartender were summoned while a party of 250 persons was in progress.

### "PAUL REVERE"

It was known the alert would be called, but the date and time were secret. Unit commanders were notified first by courier and an hour later a general alert was broadcast.

It was called "Operation Paul Revere" because it was called 187 years to the day of the storied ride.

The 35th, threatened by the Pentagon with reduction to brigade size, was gleeful over the success of the practice mobilization. The alert was planned in December, before the reduction was proposed.

"If the plans announced recently to eliminate this division were to be implemented, this capability would be lost to our fellow citizens in both states," said Gen. Browne.

Once they reported to their units, soldiers were briefed on the alert plan and how they would move if the mobilization were real.

## Bomb Scare Empties New Castle School

NEW CASTLE, Pa. (AP) — A bomb scare touched off by an anonymous phone call emptied New Castle's schools Wednesday, but no bombs were found.

Assistant Superintendent of Schools Raymond E. Gibb received the call shortly after 1 p.m. Gibb said the caller, who sounded like an adult, warned that a bomb had been planted in one of the schools, but didn't say which one.

Some 7,000 pupils were evacuated immediately from all city schools on orders of Mayor Herman F. Steinbrink, while all available police were mobilized to search for the bomb.

## New Contract Ends Three-month Strike

WARREN, Pa. (AP) — A three-month strike of some 60 production workers at the Solar-Electric Corp. in Warren has ended with the signing of a new two-year contract providing for a wage increase, a union shop, union dues check off and a job reclassification survey.

Officials said the pact provides a wage increase of 20 cents an hour for the next two years, plus up to 18 cents an hour more from an incentive program.

The workers, members of Local 2086, International Brotherhood of Electrical Workers, voted Wednesday to return to work next Monday.

They had gone on strike at Solar, a division of El-Tronics Corp., on Jan. 10. During the strike about one dozen arrests were made for alleged picket line violence.

# U.N. FORCES HELP TSHOMBE GET AIRBORNE

By ADRIAN PORTER  
ELISABETHVILLE, Katanga, the Congo (AP)—Katanga President Moise Tshombe left by plane for Elisabethville today despite efforts by central Congolese officials to keep him at Leopoldville airport, a U.N. spokesman here reported.

Reports reaching Elisabethville said Congolese troops who prevented a U.N. DC4 airliner from taking off with Tshombe Wednesday withdrew after U.N. forces set up machine-gun posts.

The U.N. spokesman in Elisabethville could not confirm this report.

Tshombe had attempted to take off from Leopoldville at noon Wednesday but Congolese troops blocked off the airstrip. The plane turned back to the U.N. sector of the airport, and the Katanga leader and 22 other passengers refused to leave the plane despite the hostile heat inside.

# DROP CHARGES IN VOTE FRAUD

LEWISBURG, Pa. (AP)—Indictments against four York County Democrats accused of vote buying in the 1959 general election have been dropped by the U. S. Justice Department.

## STERN DEMAND

The United States and the United Nations joined in a stern demand Wednesday night that the central government release Tshombe, U.N. Secretary-General U. Thant ordered the U.N. chief in the Congo, Robert Gardiner, to make every effort to aid the Katanga leader.

The United States, which had joined the U.N. in assuring Tshombe's safety in Leopoldville, followed through with a statement declaring that Tshombe "must have full freedom to depart from Leopoldville whenever he wishes."

Officials in Washington believed that Tshombe's detention had been ordered by lower-level Congolese officials acting on their own rather than on orders from Premier Adoula. Adoula left Leopoldville earlier Wednesday for an inspection trip up country.

# 5TH MAN ACQUITTED

Melvin Miller, of York County, a fifth defendant, went on trial March 26 before Folmer but the jury granted a directed motion of acquittal on grounds of insufficient evidence.

A federal grand jury had indicted all five on charges they engaged in buying votes in York County for \$2 and \$3. The federal grand jury got the case because national offices were at stake in the election.

President Kennedy is expected to send to Congress soon a message incorporating recommendations of a bipartisan commission for tax incentives to broaden the base of political contributions.

The commission proposed in a report made public Wednesday by the White House to give individuals a direct tax credit of \$10 to apply against donations they make to authorized political committees. Larger donors could take a deduction of up to \$1,000 yearly for political contributions in figuring the taxes they owe.

A Senate-passed bill requiring more stringent accounting of campaign contributions and expenditures is languishing in a House committee.

This measure boosts the present \$3 million yearly limit on spending by major party national committees to what sponsors said would be a more realistic figure of about \$7 million each.

## CONGRESS MAY POSTPONE TAX RELIEF ACTION

By JACK BELL

WASHINGTON (AP)—Congress may postpone action this year on proposals to grant tax relief to political contributors and to tighten up legal provisions on campaign spending.

Influential House members said they had found colleagues unenthusiastic about acting before this year's elections on a proposed \$10 tax credit for political donors and a Senate-passed measure increasing the ceiling on expenditures by the two major parties.

President Kennedy is expected to send to Congress soon a message incorporating recommendations of a bipartisan commission for tax incentives to broaden the base of political contributions.

## CURTIS SHOWS FURTHER LOSS

PHILADELPHIA (AP)—The Curtis Publishing Co., publisher of the Saturday Evening Post and Ladies Home Journal, reports it will continue to show a loss at least through the second quarter of this year.

Robert E. MacNeal, president of Curtis, told stockholders Wednesday the first quarter of this year would show "a substantial loss" and in the second quarter "the loss will probably be smaller." He said first quarter figures would be released in a few weeks.

Curtis, which also publishes The American Home, Holiday and Jack and Jill, reported a net loss of \$4,193,585 for 1961, the first loss in its 70-year history.

The financial situation beyond mid-year, said MacNeal, will depend upon the effective date of the expected increase in postal rates and upon the firm's ability to recover advertising lineage in its publications.

# AIR FORCE IS SEEKING MORE PARATROOPERS

By FRED S. HOFFMAN

WASHINGTON (AP)—The Air Force is developing a new breed, including a few flying generals, qualified to jump into battle along with Army paratroopers.

They are officers and men serving in the headquarters of the new unified Army-Air Force Strike Command and as air controllers whose job it is to direct fighter plane support operations by radio from front line positions on the ground.

Gen. Curtis E. LeMay, Air Force chief of staff, has let it be known he wants as many as possible of his people attached to the new command to take the rugged jump training at the Army's Airborne School, Ft. Benning, Ga.

## GENERAL WINS WINGS

Lt. Gen. Bruce K. Holloway, 49, Air Force deputy commander of the Strike Command, recently won his Army paratrooper wings by completing five qualifying jumps.

The Strike Command, based at MacDill Air Force Base in Florida, was created last September to weld combat-ready land and supporting air units into task forces which can be moved swiftly to any part of the world in an emergency.

At least an advance party of the headquarters likely would jump with the airborne troops on a combat mission.

Army Gen. Paul D. Adams, chief of the Strike Command, is a qualified jumper.

The 300-man headquarters staff is divided equally between Air Force and Army officers and enlisted men.

So far in the young program, 55 officers and men of the headquarters staff and the communications unit have passed the jump test.

## NEW ELEPHANT DOING FINE AT PORTLAND ZOO

PORTLAND, Ore. (AP)—Belle the elephant and her five-day-old baby are doing fine, and the city of Portland is as proud as any new parent.

The 225-pound male calf was born at the Portland Zoo Saturday. It was the first elephant calf born in the United States in 44 years.

Queen Alice, a Sells-Floto Circus elephant, was the last to bear a calf in captivity. She had four, but none of them lived.

Belle's baby hasn't been named but reporters have tagged him "Fuzzy-face." Fuzz covers his body and makes him look as if he has a beard.

### HAS MANY OFFERS

Morgan Berry, Seattle wild animal dealer who owns Belle, said he was deluged with offers to purchase Belle and her calf, with offers running as high as \$50,000. But he is a friend of Portland Zoo Director Jack Marks and offered to sell mother and baby to the city for \$30,000.

A "Jack Marks Elephant Fund" was established and a committee appointed to coordinate solicitations. No word was available to-day on how much money had been collected, but radio stations, business and schools were joining the drive.

Berry was confident Belle would be a good mother, and he was right. She was so protective that attendants had a hard time separating the calf from her long enough to weigh him.

### JUNGLE INSTINCT

Another problem arose when Belle wouldn't sleep or let her baby lie down. Berry finally figured out that her jungle instinct told her she couldn't protect him alone. In the jungle, another elephant would stand guard while she and her baby slept.

So Berry lay down on the hay and snuggled up to Belle's bars Sunday night. Belle, convinced she had a good baby-sitter, lay down to sleep with her calf snuggled between her and Berry.

## PAPPAS SHUTS OUT YANKEES ON TWO HITS

By MIKE RATHET  
Associated Press Sports Writer  
A month ago Milt Pappas' side was throbbing. Today his right arm was throbbing. But Baltimore Manager Billy Hitchcock was smiling.

Making his first start since he climbed out of a hospital bed last month, Pappas set the New York Yankees down on two hits for six innings and accounted for the game's lone run as the Orioles whipped the world champions 1-0 Wednesday night.

The 23-year-old right-hander, rushed to the hospital in March for an appendectomy, allowed only two singles and one walk while providing the Orioles with the run they needed on a 340-foot homer in the fifth inning.

### CLUTCH HITTING

Hoyt Wilhelm, 38, the veteran knuckleball specialist, came on to preserve Pappas' triumph when his arm stiffened. Wilhelm got six straight Yanks, then had to pitch out of a one-out, bases-loaded jam in the ninth to nail it down.

Don Mossi pitched a five-hitter for Detroit's 5-1 victory over Washington. Chicago's White Sox edged Minnesota 3-2 and the Los Angeles Angels defeated Kansas City 3-2 in other American League games. Cleveland and Boston were not scheduled.

Pappas' homer was the sixth of his career, and the first hit off Yankees' starter Bill Stafford, who left for a pinch hitter in the eighth after checking the Orioles on two hits.

### UNEARNED RUN

The only run off Mossi was an unearned tally that came across in the seventh when Dale Long and Willie Tasby singled and Steve Boros threw wild on Bob

## Oddities In News

Things are not always what they seem to be. The woman looked Chinese; the man looked like a music lover.

### EAST IS WEST

Many of Marion G. Buckley's Los Angeles neighbors thought she was Chinese. She isn't.

Mrs. Buckley, 27, who was born in London, testified in her divorce suit that she didn't mind wearing Oriental dresses when she and her British husband lived in Hong Kong for several years. On moving to California, however, she would have preferred to dress like other Westerners.

But, said the pretty young woman, her husband, Bryan, 29, insisted that she "look, dress, speak and act like a Chinese woman." She said he became violent and beat her when she balked at his demands.

"It was terribly trying to be someone that I was not," Mrs. Buckley said. "Even when we went out I had to wear Chinese dresses."

### SHE GOT THE DIVORCE

### CURSES! GROUND AGAIN

Teeth gnashing, once the trademark of the melodrama villain, is

Johnson's grounder. The Tigers, however, had already built a 5-0 bulge against Joe McClain as Al Kaline hit a first inning homer and started a four-run rally in the fourth with a double.

Homers by winning pitcher Ray Herbert and Al Smith gave the White Sox an early lead before the Twins tied it. Floyd Robinson won it for the Chicagoans with a run-producing single off Don Lee in the sixth.

Bo Belinsky, making his first major league appearance, got the victory over the A's with Art Fowler's three-inning relief help. Belinsky also drove in the tie-breaking run in a three-run fourth inning with a single after Billy Moran's bases-loaded single had tied it for the Angels. Norm Bass was the loser.

an activity now indulged in by 9 out of 10 Americans, says a Minneapolis mouth specialist. And it's grinding down the life of their

teeth by as much as 50 per cent. Dr. Ralph H. Boos told the Southern California State Dental Association: "It's a modern phe-

nomen, this teeth grinding, due to the great increase in worries and tension being experienced by modern man."

A young man walked into Saul Grossman's Third Avenue music shop in New York, looked over the saxophones, and picked out a \$150

model. He blew a few notes and beamed. "That's it," he exclaimed.

Then he whipped a knife from his pocket, tied Grossman up, took his wallet with \$20, and fled. P.S. He also took the saxophone.

# Goldberg Says Kennedy Reign Not Opposed To Business, Labor

By H. L. SCHWARTZ  
PHILADELPHIA (AP)—Secretary of Labor Arthur Goldberg, in apparent reference to last week's steel controversy, says "the Kennedy Administration is not an anti-business administration. . . . It is not an anti-labor administration."

"Nothing that happened last week should create any doubts or fears in anybody's mind," Goldberg said Tuesday night before the Golden Slipper Square Club, a Masonic group which honored him for distinguished achievement.

Arriving late from Washington, the secretary cut short his remarks to fly back to the Capital and rejoin negotiations to avert a strike of Pan American World Airways pilots.

## WEEK OF TURMOIL

Goldberg did not make any specific mention of the events that followed U.S. Steel Corp's announcement of a \$6-a-ton price increase. But he apparently had it in mind when he said:

"When the country has gone through such a week of turmoil, drama and excitement it ought to reflect upon it and gain something from it."

"I assure you for myself, you emerge from such an experience with no sense of victory."

The price boost, adopted within 24 hours by many of nation's leading steelmakers, was rescinded after President Kennedy angrily denounced it at a televised news conference and a federal grand jury subpoenaed 12 steel firms.

Goldberg, citing what he termed widespread discussion of "public interest being enunciated by government," said the trend was "nothing new."

"The government," he said, "has a responsibility which it cannot and must not shirk. . . . We have not sought and do not seek to advance the welfare of any one group over any other group—but to advance the welfare of both with that of all."

SCRANTON, Pa. (AP)—August J. Lippi and Mrs. Josephine Scindra, convicted last week of tax evasion, have appealed to the U. S. District Court to set aside their convictions or grant them new trials.

Mrs. Scindra's motion was filed Tuesday, Lippi's Monday. No date was set for a hearing.

The two, both of Exeter, were convicted last week along with the now defunct Knox Coal Co. also of Exeter. A federal grand jury at Lewisburg found the firm guilty of evading corporate taxes of \$80,000, and Lippi and Mrs. Scindra guilty of conspiracy in the delinquency.

Mrs. Scindra was also convicted of failing to pay \$39,000 in personal income taxes for 1956-57. The government attempted to show Lippi, president of District in United Mine Workers, was a secret shareholder in the company. Mrs. Scindra admitted she was a part owner, but said she knew nothing of its operations.

# COLD-CAUSING VIRUSES NOW ARE ISOLATED

By THE ASSOCIATED PRESS  
A tricky virus and rats on the bottle are subjects for Science at Work.

## ONE MAN'S COLD

The same virus that causes a type of severe cold in humans has been found to cause tumors in hamsters. The culprit is an adenovirus, first isolated by researchers tracking down the epidemics of colds that beset soldiers early in barracks life.

Now U.S. soldiers are given a vaccine to protect them from the colds and the virus. The virus is only known to cause cold-type symptoms in humans. There is no evidence it causes cancer.

But in rats, one type of adenovirus (adenovirus 12) has caused cancer in hamsters when injected into the lungs, say Drs. John J. Trentin and Yoshiro Yabe of Baylor University. The lung cancers are highly malignant, sometimes spread to the liver and can be transplanted into other animals.

**BROTHER RAT?**  
Male rats drink more alcoholic beverages than female rats, once they have been introduced to drinking.

So reports Margaret L. Clay, University of Michigan psychologist. In seeking clues to alcoholism, she made drinkers out of laboratory rats, animals normally teetotalers.

Young rats, born to parents of flexible behavior, tended to drink more than rats born to parents with a more rigid behavior, Miss Clay said. Behavior was determined by tests.

The rats did more drinking when faced with distressing problems. But rats failed to become problem drinkers. In the first place they wouldn't drink enough to become stuporous. And second, they wouldn't go too far out of their way for a drink if it was difficult to get.

# WAR VET JOINS GARDEN CLUB

LOUISVILLE, Ky. (AP)—Gov. Bert Combs, a veteran of World War II and many a political battle, stood with determined jaw and flinty eye Tuesday night and became the first male honorary member of the Garden Club of Kentucky, Inc.

Combs told the banquet audience, sprinkled lightly with a few males, "I am most grateful for this honor—I don't know how it's gonna work out," apparently referring to his own gardening prowess.

The governor won the hearts of garden club members by what a spokesman called complete cooperation in causes in which the organization was interested.

President Mrs. J. Richard Gott Jr. of Louisville said, "We decided he should be a member."

Combs, a Democrat grinning, The ladies grinned, too, and gave him a hearty hand when he stood up to accept his plaque.

## FATHER OF 3 CHARGED WITH KILLING MOM

READING, Pa. (AP) — A 25-year-old church organist who state police said admitted killing his divorced mother has been charged with murder and committed to Berks County Prison without bail.

Barry Holl, 25, of Reading R. 4, the father of three children, was arraigned Wednesday night before Alderman Charles E. Lease in Reading.

His mother, Mrs. Catherine Holl, 49, was found in a pool of blood early Wednesday in her suburban Hyde Park home. State Police Detective Elwood Krause said Holl first denied that he killed his mother, but admitted it after hours of questioning.

**PLANNED TO REMARRY**  
Krause quoted Holl as saying that a quarrel broke out between him and his mother as they stood alongside his auto Tuesday night. Police said they argued about Mrs. Holl's plans to remarry.

Krause said Holl picked up a rock and chased his mother into the kitchen. He hit her several times on the head with the rock, said Krause, then started a fire when he realized she was dead.

Holl was taken to the scene to locate the rock. It was found in a drainage ditch, police said. They described it as a sandstone rock weighing about one pound.

Dr. Paul D. Good, Berks County coroner, reported that Mrs. Holl died of depressed fractured skull.

## J. PAUL GETTY \$1.5 MILLION DAMAGE SUIT

PITTSBURGH (AP) — Billionaire oilman J. Paul Getty has lost a \$1.5 million damage suit against Moody Engineering Co. of Pittsburgh.

After a 38-day non-jury trial, Judge Edward Dumbauld of U.S. District Court dismissed Getty's suit Wednesday, ruling that there was no evidence of fraud or bad faith by the Moody company.

Getty had charged Moody Engineering with "fraud and deceit" in issuing inspection certificates on pipe installed in a pipeline for Getty Oil Co. in Saudi Arabia.

Rohrenwerk Castrop of Dusseldorf, Germany, under contract to Getty Oil, manufactured the pipe and shipped it to the Arabian oil fields in 1957, but in November of that year, testimony revealed, it was found that the pipe would not hold water under pressure.

**"COST OF PROGRESS"**

Judge Dumbauld pointed out that Getty Oil had experimented with a new type of pipe and said, "It's unfortunate experience must be considered part of the cost of progress in the development of new techniques."

Moody Engineering had said it was responsible only for visual inspection and that final liability should be charged to the manufacturer.

Getty himself did not testify at

## Young Piper Will Face Dope Charges

SAN FRANCISCO (AP)—David W. Piper, 21-year-old member of the prominent Piper Aircraft family of Lock Haven, Pa., has been ordered to appear here May 8 for a preliminary hearing on charges of possessing marijuana.

Deputy Dist. Atty. Regis Sweetman said Piper was one of six persons arrested here last April 6 in connection with the marijuana charge.

The others were identified as Fred Lloyd, 27, a writer; his wife, Estelle, 22, an artist; Bruce Neidorf, 23, a University of California student; Robert Neuwirth, 23, an artist, and Thomas Gezork, 22, all of California.

Sweetman said the six were specifically charged with violating California's health and safety code by possessing marijuana, a narcotic plant used in making illegal cigarettes.

## Governor's Son Loses License

HARRISBURG (AP) — Gerald Lawrence, 23-year-old son of Pennsylvania's safety-conscious governor, has lost his driver's license for 30 days because of a speeding violation.

The Bureau of Traffic Safety said Wednesday young Lawrence's license was suspended effective April 9.

A state police radar team nabbed the governor's son March 5 in Hampden Twp., Cumberland County. Officers said he was doing 65 miles an hour in a 50-mile zone along U.S. 11.

The suspension was unusually fast, according to traffic safety aides. Normally it takes up to six months for such action to be processed by local enforcement officers, state police and the bureau.

Young Lawrence did not ask for a hearing on the suspension.

Traffic safety has been one of the key planks in the administration of Gov. Lawrence. He played a major role in making radar a legal method for prosecuting speeders on Pennsylvania highways.

## Jocko Collins To Coach Cage Squad

PHILADELPHIA (AP) — John (Jocko) Collins, former supervisor of officials in the National Basketball Association and a Philadelphia Phillies baseball scout for 23 years, has been named head basketball coach at St. Joseph's High.

Collins, who starred as a basketball player at the high school and later at St. Joseph's College, was named Wednesday to succeed Ed Doyle who resigned because of poor health.

the trial.

In his ruling, the judge referred to a letter from Getty to the German firm in which Getty said: "So to speak, the Getty Oil Co. ordered a healthy three-year-old thoroughbred horse, and received a 12-year-old sickly donkey."

Judge Dumbauld remarked, "It might also be thought that a horse had been purchased for work where a camel or an elephant might have been more appropriate."

the trial.

## GETTING HIS FARE

Kenneth Davis, Hagerstown R. 3 taxi driver, visited the borough police here Tuesday to complain that a local resident had taken his taxi from Hagerstown to Gettysburg and then refused to pay the \$12 fare. A visit by the individual to a local justice of the peace led to agreement by the individual to pay the justice a certain amount each week until the \$12 is paid. It will then be forwarded to Davis, according to the police report.

## MADE TO LAST

INDEPENDENCE, Kan. (AP) — Along about 1926 Frank Dancer walked across the street from his harness shop and bought a light bulb—a big one, about 300 watts, he estimates.

The bulb still burns and is in use nearly every day from five minutes to four hours.

"I can't remember the year I bought it," Dancer said. "But I'd guess it was 35 to 37 years ago. 'I used to keep expecting it to burn out. Now I'm beginning to wonder.'"

Service to the  
community

A colleague of ours tells this one. On Saturdays he sells dimes (10c each). Seems the neighborhood movie is next door. The kids stop in before the show for dimes—for the vending machines in the theatre. A lot of our business is like this—service to the community. Glad to do it. Because we're conveniently located and open long hours, we're a handy place to pick up change or a bottle of aspirin. But a pharmacist's true service to his community is to be a quick, reliable source of the drugs and medications your physician prescribes. That's the real reason we're here. And we are always pleased to serve you.

# ADAMS COUNTY PUBLIC LIBRARY

## STUDENTS SPEAK

Reading is a "key" to one student at Gettysburg High School; to another it is a "cornerstone." In celebration of National Library week, students of Mrs. Reginald Deitz's sophomore English class were asked to comment on reading, books, and libraries. They discussed the imaginative and practical aspects of reading, the satisfaction and inspiration for young people.

Julie Freed writes, "Although many books are written merely for the purpose of entertaining the reader, most have some definite educational value. Not only do books help us enrich our vocabulary and supply us with many important facts, but they also broaden our general knowledge and understanding and arouse in us new interests."

"Reading stirs our imaginations and encourages us to daydream about romance and marriage, the

gay city life of the idle rich, excursions to the far corners of the world, life in the next century, or even existence on the moon.

**AWARE OF PROBLEMS**  
"Although books awaken in us a deep appreciation of our American heritage and the freedoms we enjoy, they also make us aware of the problems of our society and of the great responsibilities that rest on us as American citizens. Books stimulate us to search for the truth and awaken in us an intense desire for world peace and universal brotherhood. By relating to us the lives and deeds of famous people, books inspire us to make the most of our education and set high goals for ourselves."

Demaree Deardorff speaks of the personal satisfactions that come from reading. She says, "Reading is the medium through which we encounter almost every conceivable emotion. One moment we are sitting beside Col. John Glenn, strapped securely in the space capsule and anxiously anticipating zero-hour, and in the next we are tiptoeing behind Nancy Drew up a dingy, creaking staircase. Standing near Samuel Morse, we share his feel-

ing of accomplishment as the first telegraph message clicks across the wires, and with all the excitement of the season, we glide with Santa over the rooftops on that old traditional journey.

**"HAVEN OF REFUGE"**  
"Books are a haven of refuge during our emotional storms. In anguish we may turn to a Bible passage and find serene presence of mind. . . . She concludes with a quotation from Francis Bacon, 'Reading maketh the full man.' Rick Jones reminds us that, without books, 'we would still be groping in the shadows of the Dark Ages. . . . (Reading) lends depth to the culture of a people and lifts them from ignorance to understanding.'"

Gary Hartman emphasizes the factual and scientific side of reading. "The book is the most practical method of passing knowledge to the student. Books can explain intricate equations, or list the biological classifications of all plants and animals, or discuss the elements found on the Earth, or discuss the mountain systems of the world."

**VALUE OF PICTURES**  
Jane Eiker wrote about the value of pictures in books. "Pictures," she says, "can make a great deal of difference in one's vision of a story. . . . Pictures make a book more impressive. They give us a desire to read it." The increasing use of paperback books was discussed by Russel Tharp. He believes libraries should use the cheap books in greater quantities to allow purchase of more varied reading material.

Other comments from high school students will appear in later columns.

## Defected Russians Make Red Charges

MOSCOW (AP)—Two Russians who quit political refuge in the West said that they decided to return home when U.S. intelligence agents tried to turn them into spies against their native land.

They told their stories at a news conference staged by the press department of the Soviet Foreign Ministry.

One was Alexei Golub, 36, a biochemist who defected in the Netherlands last October while on

## ELECTION ON COAST TO TELL ABOUT SOCIETY

By RALPH DIGHTON

LOS ANGELES (AP)—Watch California's June 5 primary for a test of public sentiment about the controversial John Birch Society.

Three members of the right-wing, anti-Communist group are asking Republican voters to nominate them for Congress.

Two are incumbents who face men with no political experience. Because of this they are favored to win renomination, and victory for them would not necessarily mean a vote of approval for the Birch Society.

The third race is in a newly created district where there is no incumbent. The Birch Society man, who has never held public office, faces the former mayor of one of the suburban cities in the district. If the Birch man wins, observers say, much will be due to the considerable Birch Society strength in the district.

**FRIENDS SPLIT**  
The man insiders are watching most closely is Rep. John H. Rousset, Republican from the 25th District, the one former Vice President Richard M. Nixon had served when he was in Congress.

Rousset, 32, was a personal friend and political protégé of Nixon—until Rousset announced he was a member of the Birch Society. Then Nixon, who is running for governor of California, said: "There is no place on the Republican ticket for a candidate who seeks or accepts the support of the John Birch Society."

In the redistricting Rousset lost wealthy San Marino and Arcadia, where there are many Birch Society supporters.

The other pro-Birch incumbent is Edgar Hiestand, a veteran of

60 who rolled into office with the Eisenhower tide in 1952. Hiestand has said he is a member of the society, but has not made it an issue the way Rousset has.

## HESITANT TO ENDORSE

Republican party leaders have been hesitant to endorse the three Birch men. All three come from districts in which Democrats outnumber Republicans almost two to one, and party leaders figure the "Bircher" label might make the tough job of winning in Democratic strongholds even tougher.

His opponent for the Republican nomination is politically inexperienced Thomas F. Noonan, a realtor who is strongly opposed to the Birch Society.

The third race in which the Birch Society is an issue is in the 29th District made up in part of the wealthy San Marino and Arcadia areas which Rousset lost in the revamping. In it Democrats registered 109,047 and Republicans only 57,542.

Here Bill Richardson, who like Rousset has a public relations background, is campaigning for his first time as a Birch Society member. His principal opponent for the Republican nomination is Merrill Fitzjohn, who got a taste of politics as mayor of Temple City, and who opposes the Birch Society.

ROGERS, Ark. (AP)—A Rogers Hotel recently advertised its free facilities in a vacation guide. "Please send me your free catalogue and your free parking and your free magazine and your free booklet and thank you," came a letter, signed by "Hikmat Saleh Tutundji, Babel, near the mosque in Mosul, Iraq."

The hotel manager promised to send Hikmat everything free — except the free parking

## WE ADMITS IT RECEIVES RENT MONEY, PROFIT

By G. MILTON KELLY

WASHINGTON (AP)—Western Electric Co. officials have acknowledged they paid the government \$3 million to rent factory space, then got the money back with a \$290,000 profit through the firm's Nike missile contract.

This testimony came out Tuesday at a Senate investigation hearing that sometimes crackled with sharp words.

The company said its profits on the Nike system were about \$169 million, equalling 13 per cent of invested capital and were reasonable.

"If that is reasonable, I'm mistaken. It seems pretty high to me," commented subcommittee chairman John L. McClellan, D-Ark.

The subcommittee is investigating what McClellan calls pyramiding of profits by Nike missile contractors.

**ADDED PROFITS, FEES**  
Witnesses have testified that

Western and its chief subcontractor, Douglas Aircraft Co., added profits or fees for themselves onto profits paid other firms hired by Douglas to do much of the actual work. Company representatives have contended they were entitled to do this and did work to earn the money.

"We earned these profits ourselves," G. Raymond Smith, a Western Electric vice president, said Tuesday. "Not one penny of them is a profit taken for the work of others."

Smith and Thomas Spicer, Western's controller, acknowledged their firm had paid the government \$3 million in 1951-52 as rent for the use of two federally owned plants in North Carolina, then billed the Army for the whole \$3 million plus a \$290,000 profit on it.

As they and McClellan reconstructed it, the contract with the Army allows Western to recover all of its costs on any Nike contract plus a profit, so the rent was added to the bill and a profit paid on it.

## BOYS WILL BE BOYS

BALTIMORE (AP)—Of the three boys swimming in Jones Falls, only one cavorted in his bare skin. The other two nonchalantly splashed around fully clothed — shoes, windbreakers and all.

## DEATHS

LONDON (AP)—Dr. Ian Dingwall Grant, 70, chairman of the British Medical Association, died Tuesday.

HOLLYWOOD (AP)—Louise Fazenda, 67, pig-tailed comedy queen of silent and early talking movies, died Tuesday. Friends said the cause of death was a cerebral hemorrhage. Miss Fazenda, who was the wife of movie producer Hal Wallis, began her hollywood career with the silent slapstick comedy of Mack Sennett. She was born in Lafayette, Ind.

KANSAS CITY, Mo. (AP)—Barney L. Allis, managing director of the Hotel Muehlebach for more than 30 years, died Tuesday of a heart attack. Allis, who was in his 70s, was an intimate acquaintance of presidents Harry S. Truman and Dwight D. Eisenhower who both stayed at the Muehlebach when they were in Kansas City. He was born in Poland and came to Kansas City as an immigrant child of 2.

SANTA FE, N.M. (AP)—George P. F. Smith, former vice president of Borg Warner Corp. of Chicago, died Tuesday after a brief illness. Smith moved to Santa Fe in 1960 after serving 25 years as vice president of the auto parts, household appliance, air conditioning and chemical corporation.

# FOE OF CROP ALLOTMENTS LOSES FARM

LAKE VILLAGE, Ark. (AP)—Refusal to observe federal acreage crop allotments has cost James Weir his 944-acre farm.

About 125 farmers from the area attended a government auction at which the farm was sold Tuesday to L. J. Warren of Lake Providence, La., for \$60,000. Weir has said the farm was worth \$300,000. The sale culminated a long running battle between Weir and the government, which contends he owes \$16,972 for overplanting his 1959 rice acreage allotment.

Weir contends that crop acreage allotments are unconstitutional and battled the Department of Agriculture for three years over the issue.

## HAS SUPPORT

U.S. Dist. Judge J. Smith Henley upheld the constitutionality of acreage allotments and placed a judgment of more than \$22,000 against Weir Feb. 12.

Weir wouldn't give up. He sought an injunction to halt the sale until he could appeal.

He was told he could stop the sale by posting a \$23,000 bond to cover the amount of the judgment, interest and court costs, but refused. He still owes a \$10,244 penalty for overplanting his 1959 rice crop. He has paid a penalty of \$3,900 for overplanting his 1958 crop.

## York Springs

YORK SPRINGS—The following members were received recently into membership of the York Springs Methodist Church: Helen Elizabeth Hankey, daughter of Mr. and Mrs. Dale Hankey; Jo Ann Hankey, daughter of Mr. and Mrs. Kenneth Hankey; Victor Edward LaRue and Sonya Mae LaRue, son and daughter of Mr. and Mrs. Harry J. LaRue.

George Williams, a student at Anderson College, Anderson, Ind., is spending his Easter vacation with his sisters, Mrs. Stanley Renicker and Mrs. Gerald Blocher and families.

Robert Weigle, student at the same college, is spending his Easter vacation with his parents, Mr. and Mrs. Grayson Weigle. Both are members of the school baseball team whose coach is Carl Erskine, former major leaguer.

The Latimore WCTU will meet April 27 at the home of Mrs. Stella Stallsmith.

The fourth quarterly conference of the York Springs-New Oxford-Huntertown Charge will be held April 30 at 7:30 p.m. in the New Oxford church.

Mr. and Mrs. Joel Griest and daughters, Miss June Griest and Mrs. Thomas Toffey visited.

Many farmers in this rich Mississippi River valley area are sympathetic with Weir's cause.

One farmer testified at a hearing before the Agricultural Stabilization and Conservation Committee: "He's doing what a lot of us would like to and can't afford to."

## James MARLOW Reports

The Associated Press

WASHINGTON (AP)—A president can take three directions in giving leadership: persuasion, pressure and education. In his spectacular steel-price victory, President Kennedy used all three. It was the first time he really had. He has relied mostly on persuasion. Some Republicans, rather quiet while the steel drama unfolded last week, are getting critical of him now for his pressure tactics.

The way he smashed the steel industry's desire to raise prices provided both Kennedy and the country with fresh insight into what a combination of persuasion, pressure and education can do.

But after watching his performance for 15 months it seems safe to predict he will still rely—unless he bangs into some new crisis—mainly on persuasion as his chief instrument of leadership.

## HAS BEEN CRITICIZED

The president has been criticized, when Congress ignored some of his pet projects, for not going on television, explaining his case to the people, and asking them to demand action from their representatives in Congress. That would be a combination of education and pressure. Kennedy has done very little educating since he became President except in his messages to Congress or news conference remarks.

That's a lot different from resident Roosevelt's radio talks. But the standard answer from people around Kennedy, when asked why he doesn't go before the people more, is that he doesn't want to outwear his welcome.

Pressure can take various forms, some smooth, some rough. So far as is publicly known, Kennedy hasn't used either kind much. The smooth variety would be appealing to the people when he wants support from Congress.

## MUST BE CAREFUL

The rough kind was what Kennedy used on the steel industry when, completely contrary to his expectations, it suddenly announced a price increase.

If Kennedy really feels he might wear out his welcome by television appeals for support, he must be just as careful in the use

of the latter's son, Tommy Toffey, at the children's home at Ebensburg, Pa.

## BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP)—Are you a good borrower?

Borrowing in the average business office today has been raised to the level of a fine art.

The ability to borrow successfully is more than a test of personal charm or salesmanship to most white collar workers—it is a test of survival.

Shakespeare's famous line, "Neither a borrower nor a lender be," has no application at all in office life. A fellow with an attitude like that is shunned as a Pariah.

The general philosophy is to lend and let lend, to borrow and let borrow. If you don't lend a fellow worker a paper clip today, he may refuse to let you borrow one from him tomorrow—when you need it most desperately.

You can judge an office employee by what and why he borrows. Here are a few typical borrowers you may have noted in your own firm:

Pompous Paul—"Let me have 10 bucks now and it'll be well worth our while later," he says importantly. "I've got a big deal cooking with the boss and want to take him to lunch, and when I

of rough pressure.

It seemed to work all right for him in the steel case, for he made it plain he was fighting a people's fight against higher living costs. But it could bring him a lot of public antagonism if overdone.

For some reason not at all clear, he seems to have a reluctance to use educational leadership. For example: The country still doesn't know how deeply U.S. military forces are being involved in South Viet Nam, although their use there could lead to more serious trouble with Red China. Kennedy has never really explained this one.

get him softened up I'll be sure to put in a good word for you." Later you find he needed the dough to make an alimony payment to his ex-wife.

Phobic Phil—This is the compulsive borrower. He has to borrow to be happy. He'd prefer to borrow the shirt off your back, but if you just lend him a last year's commuting timetable, he'll go away content.

Willie the Weeper—It isn't your money he wants to borrow; it's your ear. And if you lend it to him, he'll return it full of all his woes and the trouble he's been having with everybody from his girl friend to his landlady.

Ambrose the Absterain—He's trying to save dough by cutting down on his smoking. So he borrows half a pack of cigarettes a day from you. "In a way, I'm doing you a real favor," he remarks lightly. "Now you're not smoking so much either."

Roundabout Robert—He begins by inquiring about your health, your views on motherhood and atomic fallout. After a 45-minute buildup of your ego, he asks casually as he gets up to leave, "Oh, by the way, could you let me have \$3.87 until Friday? I need it to pay for my laundry."

Cunning Carl—This bright lad read in a psychology book that people tend to like anyone for whom they have done a favor. So he borrows from everyone, whether he needs it or not, figuring that once he is in their debt they will love him forever and ever.

## President And Chairman Of U.S. Steel Talk Shop

By HARRY KELLY  
WASHINGTON (AP) — Roger M. Blough, chairman of the U.S. Steel Corp., slipped into the White House for another talk with President Kennedy — a meeting described as an effort to clear the smoke from their monumental price war.

His visit late Tuesday came exactly one week after his last trip to the executive mansion when he brought down Kennedy's wrath by telling him U.S. Steel was raising its prices \$6 a ton.

Before the week was out U.S. Steel and the companies that followed its lead, had surrendered to an awesome administration attack and called off the price increases.

### "FRIENDLY" TALK

At his news conference today Kennedy will have a chance to go into the situation. Last week he used the meeting with newsmen as a stage to denounce the increases as irresponsible.

Tuesday's White House meeting apparently was carried off in a more friendly atmosphere. There was no word on what Blough and Kennedy said to each other but assistant press secretary Andrew T. Hatcher called the meeting "cordial and useful."

Blough arrived at the White House some time after AFL-CIO President George Meany left. Hatcher said the visits were not related.

White House aides believed Blough's visit was set up last Friday—when Big Steel rescinded the price increase—at a New York meeting between Blough and Secretary of Labor Arthur J. Goldberg.

Some officials interpreted the 45-minute get-together as an indication Kennedy hoped to maintain "reasonable and cordial" relations with business leaders.

### BOOST RELATIONS

Kennedy may turn an address before the U.S. Chamber of Commerce April 30 into a forum for a major restatement of his administration's attitude toward business in the wake of the steel price turmoil.

The speech is assigned such importance that the White House began work on it Saturday, almost before the price rollback was completed.

It is likely Kennedy will tell the chamber that tax measures—such as liberalized depreciation allowances, the proposed tax credit for buying new equipment—will offer a better way of promoting in-

## OUSTED MAN'S WIFE RESIGNS U.S. POSITION

WASHINGTON (AP) — The investigation into the operations of Texas financier Billie Sol Estes has brought the resignation of another government employee—the wife of a dismissed Agriculture Department aide.

Rep. Ed Edmondson, D-Okla., announced Tuesday night that Alice Morris, a part-time secretary in his office, has resigned. She is the wife of William E. Morris, \$14,300-a-year assistant to the director of agriculture credit who

dustrial modernization without resort to potentially inflationary price increases.

The steel caldron was still boiling.

Sen. Estes Kefauver, D-Tenn., announced Tuesday that the Senate hearings into the steel industry's pricing practices will begin in about six weeks.

Sen. Hubert H. Humphrey, D-Minn., suggested that the President set up a commission to look into the steel industry's price policies and needs. He said Kennedy showed "considerable interest" in the idea.

was fired by the Agriculture Department Monday for failing to make himself available for questioning about his relations with Estes.

Estes, under indictment for fraud, operates grain storage facilities where some government grain is kept.

Edmondson's aides said Mrs. Morris had been writing a question and answer column recently from Washington for a newspaper in Pecos, Tex., said to be owned by Estes.

Edmondson said Mrs. Morris called his office and said she and her husband did not believe it was desirable or proper to make a statement now and therefore she was offering her resignation.

Morris was an assistant to James T. Ralph, former assistant secretary of agriculture, who is expected to testify at the Estes inquiry. Ralph is in training to become an agriculture attaché to the Philippines.

Emery E. Jacobs, deputy director of the Agriculture Department's Stabilization and Conservation Service, resigned last week after his name was brought up in the Texas hearing. He has denied any wrongdoing.

Tony Kubek and Bobby Richardson led the Yankees in sacrifice bunts last season, each getting 10. Pitcher Jim Coates was third with nine.

## RESISTENCE OF OAS IS SHADOW OVER ALGERIA

By ANDREW BOROWIEC  
TUNIS (AP) — One month has elapsed since the signing of the Algerian cease-fire, but the grim, bloody resistance of the European settlers in Algeria's major cities casts a long shadow over the country's future.

At their Tunis headquarters, the Moslem nationalist rebels are becoming increasingly impatient with the raging terrorism of the European right-wing Secret Army Organization. Tuesday 49 persons—43 of them Moslems—were killed and 21 injured.

The Secret Army Organization is known as the OAS.

Except for an occasional isolated retaliatory attack, the rebel guerrillas and terrorists have observed the cease-fire in obedience to orders from their government-in-exile in Tunis. The rebel command agreed to cooperate with France in setting up provisional institutions and in preparing the country for a self-determination referendum.

## Fleeing German Is Murdered By Reds

BERLIN (AP) — Three East Germans crashed a gravel-filled truck through a Communist barrier into West Berlin Wednesday, but Red machinegun fire killed the driver and wounded a companion.

East German border police fired repeatedly as the 24-year-old driver roared through the wooden barrier at a midtown crossing point in the Berlin wall at 1 a.m.

The heavy truck smashed into a house on the West Berlin side. One passenger, 20, was shot in the shoulder. The other, 29, escaped with bruises.

The nationalists point out that terrorism and economic chaos are limited mainly to Algeria's three major cities—Algiers, Oran and Bone, all with sizeable European populations.

France has succeeded in forming and installing a provisional executive, charged with preparing Algeria for self-determination. Yet the executive is holed up 30 miles from Algiers, in the barricaded administrative stronghold of Rocher Noir. It has little direct influence on Algeria's big modern economic centers, where the defiant European population continues to support the secret army terrorists.

## H. MACMILLAN GIVEN SETBACK

LONDON (AP) — Another sharp election setback for Prime Minister Harold Macmillan's ruling Conservative party brought warnings Wednesday that the party's prospects of being returned to office at the next general election are seriously threatened.

A special parliamentary election in North Derby Tuesday gave victory as expected to a Labor candidate. But the resurgent Liberals, riding a wave of government unpopularity, pushed the Conservative candidate into third place.

It was the government's fifth setback in special elections in the last six weeks. Most of the Conservative defectors have voted Liberal.

Today two Conservative papers—the Daily Mail and Daily Telegraph—warned that the Liberals are a serious threat that could split the Conservative vote in the general election, expected in the

## BUSY REVENUE

NORTH WILKESBORO, N.C. (AP) — Charlie Felts, 70, who retired after 30 years as a federal revenue, is credited by some sources with destroying more moonshine liquor stills than any man in the country.

During his long career he compiled this record: Confiscated five million gallons of mash, 70,000 gallons of illegal whiskey which represented home \$5.7 million in unpaid federal whiskey tax, and arrested 2,500 persons.

LOCKPORT, N.Y. (AP) — Instead of the usual "Just Married" sign, the automobile in which the former Diane K. Cooper and John S. Koplas left their wedding had one reading: "We've just been married."

## Husband Of Excommunicated Wife Wants Same Treatment Asks Prelate's Forgiveness

NEW ORLEANS (AP) — The husband of a segregationist excommunicated by the Roman Catholic Church asked Wednesday for the same censure.

The request to Archbishop Joseph Francis Rummel from Bernard Joseph Gaillot came 14 hours after his dark-haired wife failed in a dramatic plea for grace from the 85-year-old prelate.

"If she is truly excommunicated from the Catholic Church," Gaillot wrote to the archbishop in a letter he disclosed shortly after midnight, "then I too should be excommunicated. We, being two people joined together by God, have done no intentional wrong to our church."

### "BEG YOUR MERCY"

Mrs. Gaillot, 41, mother of two children in Catholic schools, was excommunicated Monday along with two other segregationists for opposing the German-born archbishop's decision to desegregate parochial schools here this fall.

Mrs. Gaillot, who contends that God demands segregation, rushed up to the archbishop on the grounds of his residence Tuesday while he was joining a pilgrimage group in prayer.

"I beg your mercy, your excellency," she pleaded as she knelt before the archbishop. "Admit before God and yourself that you did not want to integrate."

An unidentified woman standing by the archbishop interrupted Mrs. Gaillot, but she implored: "Don't listen to Satan, listen to God. Look at me, your excellency. I am on my knees before you. Listen to God."

### "NOT BACKING DOWN"

As she rose from her knees, Mrs. Gaillot said, "May God have mercy on you, I'm not backing down."

The archbishop remained silent during the episode. Outside his residence and chancery, pickets paraded protesting the excommunication of the three segregationists and the school desegregation decision.

Gaillot, 44, a parts clerk for an industrial machinery manufacturer, told newsmen he mailed a letter to the archbishop shortly before announcing its text.

The archbishop's chancery had no comment on Gaillot's letter and repeatedly declined to talk about Mrs. Gaillot's appearance at the prelate's home.

An excommunicated Catholic loses his right to receive the sacraments, to be present at Mass and to act as sponsor at baptism or confirmation.

In Vatican City, a spokesman said Archbishop Rummel had—as do all bishops and archbishops of the church—full authority for his action.

### Scouts Plan Hike On Easter Monday

Plans for a hike Monday were outlined at the meeting of Boy Scout Troop 79 at St. James Lutheran Church Monday evening.

At a Green Bar meeting, it was decided that the Scouts will leave St. James Lutheran Church on Monday morning at 9 o'clock and return that afternoon at 4:30 o'clock. During the hike, the Scouts will be aided on advancement requirements for cooking, compass measuring, directions, hiking methods, knife use and fire building.

While the Green Bar committee was meeting, classes were held for new Scouts on the Tenderfoot requirements and another group

Mrs. B. J. Gaillot Jr., one of three Roman Catholics excommunicated in a segregation feud, fell to her knees and asked Archbishop Joseph Francis Rummel of New Orleans for his forgiveness. She said the archbishop refused. Mrs. Gaillot went to the archbishop's residence in New Orleans where he was leading a group of women pilgrims in prayer. Two of those present restrained her from getting too close to the 85-year-old prelate. (AP Wirephoto)

was briefed on measuring and directions by Assistant Scoutmaster George Jones. The meeting opened with a ceremony conducted by Patrol Leader Craig Swinn. Following the meeting the Scouts visited the Civil War Wax Museum accompanied by Scoutmaster Allen Dubbs and Assistant Jones. Last Saturday a portion of the troop visited The Gettysburg Times where they were conducted through the plant by Editor Paul L. Roy.
